Vibroinfissore VT6

Dati tecnici / Technical details

Tipo / Type: Alta frequenza / High frequency

Momento eccentrico / Eccentric moment: 6 kgm

Forza centrifuga / Centrifugal force: 429 kN

Frequenza massima / Max. frequency: 2500 rpm

Portata olio / Oil flow: 204 l/min

Pressione massima / Max. working pressure: 350 bar

Potenza / Power: 160 HP / 118 kW

Ampiezza massima / Max. amplitude: 11.5 mm

Peso / Weight: 1263 kg

Peso dinamico / Dynamic weight: 1055 kg

Pinza standard / Standard clamping device: 55 Ton

Disponibile sia per gru sia per escavatori

Available both crane suspended and excavator mounted type
